Boston Ghost Tours by Ghosts & Gravestones

It was pouring. They stopped at a grave and made us stand in the pouring rain. It was so bad that the cheap umbrella that I had was leaking. Several people on the tour had no rain gear whatsoever. People were getting soaked during a relatively chilly night for a summer.

The Secret Boston Treasure Site

"your back to the stairs feel at home" There are no "STAIRS" at the location. Stairs are defined as a riser and tread that take you from one floor another floor: Stairs are part of a build. No teacher or writer would describe the steps across from the baseball field as stairs. No way! No how!

Leonard P. Zakim Bunker Hill Memorial Bridge

03/20/2022 was the first time crossing this Bridge/Tunnel. Just remember traffic makes sudden stops , especially before entering the tunnel

Wendell Phillips Statue

A man who certainly deserves a statue, he fought to end slavery and dedicated his life to that end. His statue also bears a quote.

Cocktails & Cannoli: Boston's North End Dessert Tour

Pat was a great tour guide! My friends and I had a short amount of time in Boston and this tour provided just what we were looking for: some history, some sweet and savory foods and amazing cocktails! Highly recommend!

The Cathedral Church of Saint Paul.

Situated right on the heart of Boston, the Cathedral Church of St Paul houses a collection of inclusive welcoming ministries, all of which grow out of a concept of radical acceptance and an expansive heart.

Boston Common Frog Pond

It was free event sponsored by the Friends of the Public Garden. The event was feature free skate rentals (while supplies last) and free cookies, and free hot chocolate!

Museum of Science

My kids, aged 13 and 11, had a really good time. All the activities we did led to tons of laughter. It was definitely a fun way to learn science, minus the textbook.

Battlestar Galactica Cylon

queued for more than an hour and didn't even get to ride. very disappointing

Canopy Bridge

Terrible experience. Rude staff. No instruction. Badly managed. All queuing without a clue that we are suppose to scan for a queue number.

Snow City Singapore

Place is small and poor maintenance of facility. No snow only dirty ice.... You would only need 15-20 minutes for complete experience.

ION Sky

Unfriendly staffs refusal and turning away us from visiting the ion sky even when it's open and we have valid receipts of purchase. and after enquiry at the concierge. Never to patronise again..

Toa Payoh Sensory Park

Too warm within playground area. Probably because the trees are tall blocking the surrounding air access.

Sree Maha Mariamman Temple

A peaceful and mind relaxing environment within the temple atmosphere. The priest were very helpful and friendly in explaining some of our religious way to pray. Blessed to visit this temple.

Luxus Hills Park

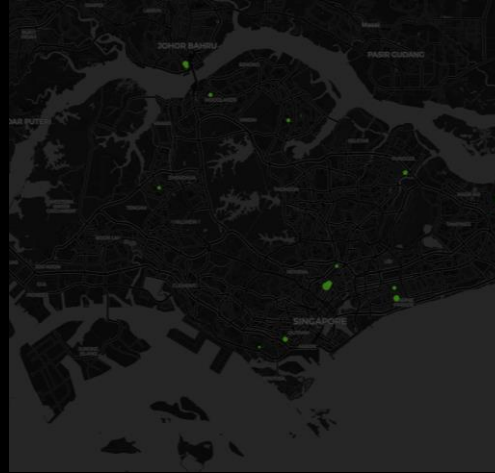

A very well maintained park with footpaths that you can either walk or jog on. There footpaths are curvy and may take you through the play area. Super green, with plenty of shade cover from the surrounding trees.

City Tours

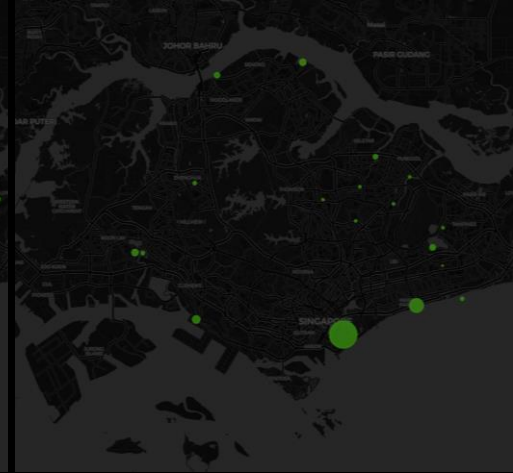

Great services by the friendly lady staff! Good ride on the vintage amphibious vehicle from DUKWtour operator.

Punggol Waterway Park

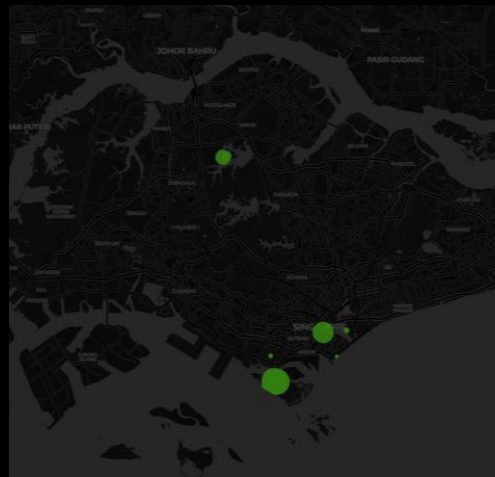

Long stretches of walking, running n cycling paths. Nice sceneries. Early morning walk is best. Good for relaxation n contemplation while exercising. Fair amount of nature too.

Barwon Park

Simple, quiet leafy local park with ample space to meet various needs. Only downside is no public toilet facilities.

Burnie Park

Great park but no toilets for the kids.

Not happy

Sydney Tower Eye

Very dead on our visit.. no assistance from any staff..

Leichhardt Park Playground

Poor exercise equipment n that's why no one is ever there

Livvi's Place Five Dock

I took my kids here today for the first time and I was so disappointed. The playground is neglected, overgrown, dirty and run down and equipment out of order.

Firmstone Reserve

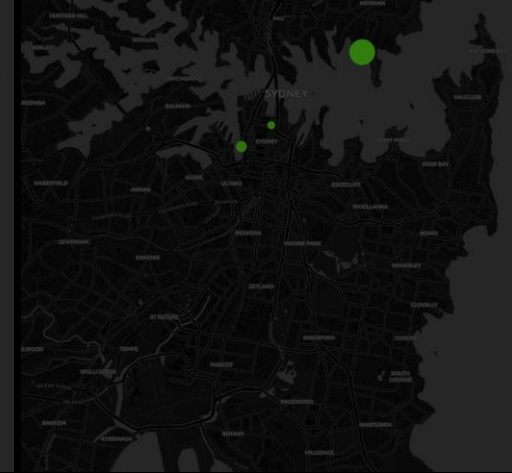

Great that it's fenced off. Unfortunate that nobody pays attention to what their dog is doing while in the park. Both times I been there, lost tennis balls to to someone's else's dogs - unable to retrieve them and no owner bothered assist.

Explore Sydney Harbour

We had the best time! The Guides were friendly, helpful people and the tour was soooo fun- highly recommend!!!

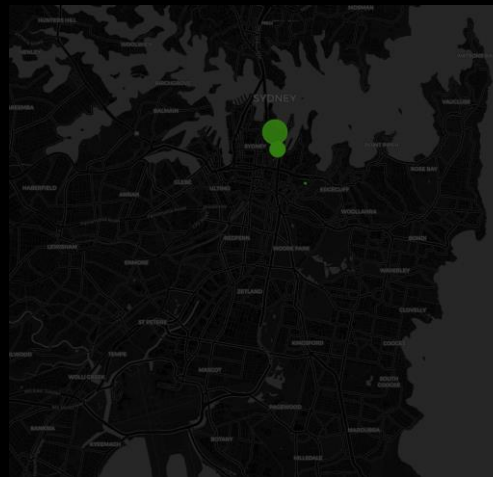

['tour']

['zoo']

WILD LIFE Sydney Zoo

We loved Wild Life Sydney Zoo!! There was alot of excitement as we walked around discovering the animals. It is only quite small so only takes a small amount of time to look at everything.

['beach']

Dominik Mersch Gallery

A must see if you're an art lover. Great collection of contemporary art oozing with creativity and expressive artist impressions of the world that we live in. Such a wonderful place.

Bondi to Bronte Coastal Walk

One of the best coastal walks in New South Wales. Amazing views all over the trail. Pretty easy to do and you can also see fabulous art walk along the way.
